Comments on the minutes: Theo Voorter did not have a Pk.

Berth Andersson thanked Dieter Plumanns.

Grey Bourbonnais could unfortunately not be discussed again, as the owners had already taken them home.

This breed is only recognised in France and Belgium in a pale steel colour. It has a very thin skin and suffers badly from oversized dewlaps. Also fairly loose-skinned.

4. European Show

The management of the comment cards could have been organised better. Slight misunderstandings during the process of putting the cards on the pens.

Herbert Zens objected to the fact that only one European Championship had been issued on two breeds, viz. Small Lotharingen and the Czech Papillon.

Bratislava – EE-Convention: Mirdza Silina

The website : www.entente-ee.com contains all documents for the convention.

It was decided at the meeting that Lop breeds should be discussed at the next meeting.

Derek Medlock questioned whether it would be possible to amalgamate smaller countries, so that a certain entry could jointly be reached (currently 160) and therefore one judge could be delegated to a European show from one of these countries.

Jo Vanhommerig thanked Dieter Plumanns and the members of the VDKZ, especially Maria Huppertz and Gisela Plumanns.

Further thanks were expressed on the part of Dieter Plumanns on behalf of the Belgian national Association for the substantial participation in the fourth Judges' Seminar.
