

New EU legal norms on poultry and birds

The working paper on animal health conditions for international poultry and bird exhibitions published by the EE contains the EU documents adopted until 2011.

The following relevant documents have now been published:

Regulation EU 2016 429 (Animal Health Act)

Regulation EU2018 1629 (list of animal diseases)

Regulation EU 2018 1882 (categories of diseases and list of species)

Regulation EU 2019 2035 (traceability of animals and hatching eggs).

Further legal acts are expected and will be published shortly.

All legal acts can be found at: eur-lex.europa.eu
