Dear friends, poultry judges,

In 2018 the Slovak Breeders' Association and its partners have taken on the organization of the international poultry judges meeting of the EE in 2022. A lot of preparations have been going on for the past two years.

We are pleased to announce that under the actual circumstances, the meeting can take place.

We have prepared a great program and highly respected international lecturers have prepared their contributions for us, which will improve our professional education and will be very useful for future judgements. The seminar will have a theoretical and practical part. The practical part will include the introduction of breeds and practical evaluation by seminar participants.

Throughout the seminar, the “Regional Antenna of the NSRF SR for the Trenčín Region” will be available, which will provide advice and information on the Slovakia - Rural Development Programme (National) 2014-2020.

We look forward to welcoming judges from all the EE member or candidate-member countries on behalf of Entente Européenne in the beautiful city of Trenčín.
