

**The training conference for pigeon judges of the EE Section Pigeons (EESP)  
At September 27, 2014 in Treviso / Italy.**

**Technical part at September 27 and 28**

(1) Welcome:

Chairman of the EESP, Mr. August Heftberger and ESCP Chairman, Mr. Jean Louis Frindel welcome 69 participants from 17 countries: A, B, BG, BIH, CH, CZ, D, F, H, HR, I, NL, PL, RO, SK, SLO and SRB, Inclusive ESCP members

The translation from German into English is made by Jean Louis Frindel, in Italian by Federico Voltolini. The adjusted criteria for the award of the EE-judge badge as confirmed by the ESCP are explained. See the minutes of the ESCP session.

(2) Judging and description on the scorecard according the EESP-System.

Based on examples (PowerPoint), Jean Louis Frindel discusses the criteria for completing the scorecard and how the valuation leads to valuation note.

Present Italian judges are requested to judge some exposed pigeons and fill in the EESP scorecard. Later on, scorecards have been reviewed and explained subsequently.

3). Presentation and demonstration of Italian breeds.

The organization exposes Italian pigeon breeds outside under shelter.

The presentation of these breeds is on basis of a PowerPoint presentation.

At Saturday, Mr. Riccardo Rubboli presents Italian Owl, Italian Sottobanca, Romagnolo and Rondone.

At Sunday morning, Ascolano, Bergamasco and Piacent[no are presented by Federico Voltolini.

Participants get booklets describing Romagnolo and Ascolano.

4) .Discussion at the round table

Jean Louis Frindel reports about the contacts with NPA-UK about standards of breeds for which UK is SDA and the decisions made in the ESCP session about changes as proposed by the ESCP, according to the resolution of the ESFP meeting in Sarajevo.

As long as for the adjustment of these standards no match is attained, until the ESCP session and ESFP meeting in 2015 in Metz, the ESCP will be SDA for these breeds, eventually beyond.

Those changes have no impact on standards of other countries. ELFP will be changed at October 1<sup>st</sup>.

The standard of Modena UK will be confirmed at the ESSP for Modena's in Illkirch/ F at November 15<sup>th</sup>.

Changes in SDA standards will be published in the ESCP Bulletin 2015.

- *Arnold Tuidier* (A): Would it be possible to download Europe standards from the Internet?

JLF: Currently the ESCP has no opportunities (processing, different languages).

Standard texts are obtainable from national associations (SDA), pictures from JLF, so far done.

- *Trinci Tiziano* (I): ring size for Florentine. The Italian standard and ELFP = 10 mm diameter.

Allowed: 1 mm smaller if movable, 1 mm bigger if not removable. No 2 mm more or less!

JLF explains a few scorecards as mentioned above. When judged most essential breed characteristics have highest value and priority. For Formpigeons shape, of Colour Pigeons color, etc.

The Order of Importance must be followed!

During the Internal judges meeting in 2015 in France (Metz) the EE judging system will be practiced.

Jean Louis Frindel thanks the organizers for the Conference and the judges for their presence.

He wishes all a good come back home.

JLF closes this meeting at 11.00 am.

After this EE judge badges are handed out present judges who were announced by their association.

August Heftberger  
Chairman EESP

Hans Schipper  
Secretary EESP
