Top 4th: note of the EE conference from the 30th of May, 2014 in Sarajevo – Bosnia

The note of the section conference of Sarajevo has shut to all members. The note / protocol was accepted unanimously.

Top 5th reports of the presidium meetings from the 7.2 and 14/5/2015

Klaus Weber briefly reported about some points of the presidium meeting. These were very extensive meetings. The cash is behaved very much, but the EE is very much depending on the income the European looking which is held all 3 years. With Serbia still no final arrangement of two associations could be caused with collaboration with the president EE Gion Gross. Talks with Latvia have taken place. Very positively the race drawees European expositions come. These are also a additional income of the EE.

Top 6th agenda of the general assembly from the 15th of May, 2015

The agenda to the general assembly was taken note without objection.

Top 7th admission of new members

As new member countries the bird's associations of Belgium and Denmark are anew taken up unanimously. The president Klaus Weber expressly thanked for the common efforts which have led to the entry.

The president of the U.O.F. Daniel Hans assured that his association will support vigorously the exhibition management at the organisation and realisation of the European show.

Top 8th report from the protection of animals advisory board

A lot of problems of exhibitions and markets of him are clarified by the work of Prof. Dr. Schille who has very good contact with the EU. Above all there is over and over again to treat problems to the animal transport.

Top 9th report of the standard commission

The standard commission chairman Heinz Hochuli (Switzerland) wishes a representative from Belgium (specialist for Agapornis). The judge's chairmans for the show EE are for "Parakeets & Parrots" – Heinz Hochuli, for "Colorbred Canaries" – Dirk Verburg, for "Figure Canaries" - Klaus Weber, for Cardueliden & European – Prof. Werner Stanek, for "budgies and exotic" – Dieter Hopfinger and for "Hybrids of Finches" - Prof. Werner Stanek.

Klaus Weber introduced the new exhibition cage introduced in Holland for Border/Fife which is nearly same to construction, with the open figure cage introduced already in 2013 in Germany. This exhibition cage admitted in the Netherlands is also admitted in future with all exhibition EE of the section birds.

The standard commission chairman Heinz Hochuli hands the EE - judge's badge to Klaus Weber and August Lorenz.

He will spend additional the assessment criteria for the assessments on the new members.

Top 10th judge's training EE

It is pointed out once more to the fact that judge's trainings are also very important at level EE. Although we have come to an agreement everybody on it the assessment directives and normal definitions and descriptions of the OMJ to take over and to accept, there still are changes and EE specific supplements over and over again. From there and to the better cooperation and to the mutual learning of each other arises the needs also to carry out in future judge's trainings.

Hans Daniel from France makes the proposal for 2016 in France to carry out an Agapornis-judge's training.

In 2017 there will be an exotic training for exotics in Austria.

Top 11th report on judge's training EE FP on the 28/9/2014

The EE-judge's training FP found together with the judge's groups of the land associations DKB (LV 09 and 25, LV 10) in the Sept. In 2014 instead of. Prr. Colleagues from Holland, France, Switzerland and Germany have taken part in it.

It was informed primarily about the normal changes and the new Colorbred Canaries were discussed. In addition, the assessment some Figure Canaries was discussed.

Top 12th review about the race drawees Europaschauen in 2014 in Wels

Austria carried out for the first time in the section birds on the 20./21.12.2014 a race drawee European exposition for the sections "colour budgerigars" and for

"Cardueliden". It was a very good success. Unfortunately, no advertisement was made in most other member countries for these race drawees European expositions and many interested breeders were not informed about it.

Top 13th race-related European looking in 2016 in Wels

For 2016 Austria makes the application again to carry out 3 race drawees European exposition for birds. 1. for Neophemas, 2. for quails and 3. for little dove

Top 14th information European show 2015 Metz/fas

For this European show are responsible for head for our section: Daniel Hans, Klaus Weber, Heinz Hochuli, Werner Stanek and Dieter Hopfinger.

The French bird's association UOF, with his president Daniel Hans and his board of directors, take over after occurred negotiations with the exhibition leader of the show EE in the Metz, the whole organisation for the area of the section birds. Registration and organizational winding up (including the financial accounts) takes over of the UOF. This happens in vote with the persons responsible of the section EE birds.

Only member's associations can issue it with this show EE. The president explained the expiry of the European show in detail.

Top 15th regulations for European show - section birds - in Metz

This was already worked out on Thursday by the standard commission.
