## **Die Bedeutung Kaninchenkennzeichnung Norwegen**

In Norway the breeder tattoo all young rabbits in left ear with 3 or 4 number.

As an example from this year 4125.

First number is year (4 is for 2014). Next numbers are set by breeder, but normally nest number 12 by the owner and this rabbit is number 5 in the nest.

Right ear is a quality and pedigree number. At first exhibition the judge gives a tattoo with 3 numbers and one letter. The letter can be in all 4 positions and is a personal letter referring to the judge.

Examples: K001, K999, 0K01, 9K99, 13K1, 9K99, 123K, 999K
